ABOUT ACHIEVE

ACHIEVE is a seven-year (2019-2026) USAID-funded global project whose primary goal is to reach and sustain HIV epidemic control among pregnant and breastfeeding women, adolescents, infants, and children. To reach this goal, ACHIEVE supports OVC and DREAMS service delivery, provides technical assistance to strengthen social welfare systems, and supports capacity development for local partners to sustain services at the community level. In 2023, USAID added global health security to the project's scope of work. ACHIEVE is implemented by Pact, in partnership with Jhpiego, Palladium, No Means No Worldwide, and WI-HER.

ACHIEVE has implemented activities in nine countries: Burundi, Dominican Republic, Namibia, Nigeria, Rwanda, South Africa, South Sudan, Tanzania, and Zambia. **To learn more about ACHIEVE visit:** pactworld.org/achieve
